

Aysel Ismailova

Hello! My name is Aysel. I shall be your guide during the time of the International Chemistry Olympiad. I am studying chemistry in the Baku branch of MSU. I am from Baku. It is one the most beautiful cities in Azerbaijan. In my free time I read books, watch movies, hang out with my friends. One of the inseparable parts of my life is music as I can not imagine my life without it. I love watching football. I want to visit Madrid as my favorite football team's stadium Santiago Bernabeo is located there. I wish you good luck at the Olympiad and we hope that you will not only take part in our Olympiad, but also have a good time exploring our city. See you at the Olympiad in Baku!
