

Emin Safarli

Hello! My name is Emin. I shall be your guide during the time of the International Chemistry Olympiad. I am studying at the branch of MSU at Chemistry Department and studying there is one of the most wonderful moments in my life. I love activities like this. During school times, I have been participating in many projects such as singing in a choir, marching in parades, doing a lot of presentations on the topic "Ecology". I used to be fond of tourism and went hiking. I want to travel all over the world, it is my dream! As for my preferences, I like watching good films, reading detective stories. As for sport I like to play volleyball, to swim in the pool. By the way I took the first place in the swimming competition of Sumgait city. I wish you good luck at the Olympiad, interesting time in Baku and many fascinating meetings. See you at the Olympiad in Baku!
