

Java Huseynova

Hello! My Name is Java and I shall be your guide during the time of the international Chemistry Olympiad. I am a sophomore, i study at the philology faculty of MSU. My hobbies are drawing, embroidery, doing national dances and i also like singing very much. I like spending free time with my friends, walking along the city and taking pictures in the interesting corners. I am interested in different countries' culture. Getting acquainted with costumes and tradition of various countries, you discover a new world for yourself and know native speakers sure you make new friends. I wish you good luck at the Olympiad, interesting time in Baku and many fascinating meetings. See you at the Olympiad!
