

# Nastya İsgenderova

Hi. My name is Anastasiya, but you may call me just Nastya. I'll be your guide at International Chemistry Olympiad. I was born in Baku and I love my city very much. Here you'll be able to enjoy your time because the city is rich with interesting and enjoyable places. Certainly, it should be marked that Baku has historical sightseeings. But, of course, it's better to see it all yourself. I'm a second year student at Baku branch of Moscow State University. I study different fields of math. I like travelling, visiting countries, cities. My hobby is doing shopping and also I enjoy music. I can't to imagine my life without my relatives and friends. What can be better than the time spent with friends? I wish you good luck, to see our places of interesting and to make new friends. See you at Olympiad, guys!
