

Nika Jafarova

Hello, dear guests! Welcome to the International Chemistry Olympiad! My name is Nika, I am 18 years old and I am a second year student of Moscow State University Baku Branch. I like going to the theaters, museums, exhibitions, hiking and spending my spare time with friends of mine, I am interested in literature. My biggest dream is to visit as many countries as I can, become acquainted with the other cultures and perceive something new. I wish you every success at the Olympiad and the unforgettable pastime in Baku!
