

Perishan Adilova

Hello! My name is Perishan. I'll be your guide during the International Chemistry Olympiad. I'm a student of philological faculty of MSU. I like studying at this university. All of us are as one big family here. I love literature. My favorite poet is Pushkin. I think, all his works are masterpieces. I also like music. I like to sing. Now I'm learning to play the guitar. Moreover I'm fond of cinema. There is hardly any series, I don't know. I can tell much more about myself, I would be very glad to accompany you. And I hope, we'll get to know each other closer during this period. Good luck! Let the best man win!
