

## Saida Abasova

Hi! My name is Saida. I shall be your guide during the time of the International Chemistry Olympiad. I am studying chemistry in the Baku branch of Moscow State University. I like chemistry; it is one of the most fascinating sciences, in my opinion. As for my hobby, I like to play badminton, especially in summer with my friends on the beach. I like to read books, watch movies and serials. Generally I spend free time with my friends and the beloved sister. I hope to you it will be pleasant here in Azerbaijan. There are so many wonderful sights in our country; I hope it will be possible to see them within one or two weeks. I wish you good luck at the Olympiad, interesting time in Baku and many fascinating meetings. See you at the Olympiad in Baku!
